JACOB HAY IN AUTOMOBILE SMASHUP

Chicago Youths Injured as Maching Is Overturned in Ditch.

WERE ON FISHING TRIP

Seven Chicago men were injured, one perhaps fatally Sunday morning when the automobile in which they were riding on a fishing trip to the lakes at Antioch overturned and was demolished in a ditch on Green Bay road near Five Points road following a collision with a car driven by J. Hay, of Antioch. The occupants of the second car were not injured although their automobile was thrown into the ditch. The injured are:

Frank Nowak, 22 years old, 1538 North Leavitt street.

John Niller, 24 years old, 3828 Bayer avenue.

George Schenke, 21 years old, 1247 Holt street.

Vincent Martynowski, 18 years old, 1252 Noble street.

Paul Panek, 21 years old, 1337 Augusta street.

Edward Knapik, 21 years old, 1335 Sloan street.

John Roman, 22 years old, 1538 North Leavitt street.

All were taken to the Victory Memorial hospital by passing motorists but with the exception of Nowak were discharged after being given first aid. Nowak being confined to the hospital.

According to witnesses, the Essex automobile in which the men were riding was being driven north on Green Bay road about a quarter mile south of "Five Points." Another car, a Nash, driven by Hay, was going in the same direction. One car attempted to pass the other but the running boards of both cars became locked and the cars swerved suddenly to the side and plunged into the ditch. The car carrying the Chicago men overturned and was entirely wrecked but the Nash automobile driven by the Antioch man remained upright. The two left wheels of the latter's car were torn off. The driver was returning from a visit to friends in Chicago, it is said.

Calls for help were received in Waukegan and the injured were helped into other cars and rushed to the hospital where first aid treatment to the men was given.

When the Essex turned turtle the occupants carrying their fishing tackle were imprisoned in the wreckage. They were helped from the car by the persons in the other automobile.

Father Batty at St. Ignatius Church

Next Sunday, the fifth Sunday after Easter, and the third Sunday of the month, Rev. E. J. Batty will make his monthly visitation to St. Ignatius church. The holy communion will be celebrated at 8 and 11 o'clock in the morning, and church school as usual at 9:45. Every communicant of the church should make his or his communion at either of these services, preferably at the first.

Saturday afternoon choir practice at 4:30. Everyone should take advantage of this opportunity to receive the holy sacrament, as these occasions are all too rare.

Starting on Sunday, May 28, a week from next Sunday, both church school and morning service will be held an hour earlier, the former at 8:45 and the latter at 10. This will enable everyone to get home shortly after 11 o'clock, and will not interfere with other duties at home. This program will last throughout the summer.

Corrections

In the story of "Sylvia" in last week's issue it referred to "Little George Guenther, a grade school boy, dancing as the elf, was highly appreciated by the audience." George admits he is little, but objects to being called a grade schooler. Said George is getting along nicely in the freshman class of Mr. Bright's institution of knowledge.

In the issue of April 27, it refers to "Bob" Smart's new bakery as a Federal Bakery. "Bob" informs us he is not connected with the Federal system, but is operating under his own management.

Communication

Editor The Antioch News, Dear Sir:

There has been circulated a story to the effect that I shot my son George while in the act of burglary and causing the stiffening of his knee. I am appealing to you, as editor of our local paper for the purpose of emphatically denying this story and further for the purpose of offering a reward of \$100 for proof as to the instigator of this story.

For the information of those who may have heard this story and others who may be interested the facts are as follows.

While going to a ball game August 4, 1904, on a Lincoln avenue car, my son was standing on the side rail of the car and on seeing a ball thrown by some boys in danger of going under the car he put his foot out to stop it when his leg hit one of the old center poles of those days. The leg was broken six inches above the knee. He was taken to the Bowmanville hospital and there attended by Drs. Miller and Schultz and the leg put in a cast, and the next day was brought home in a police ambulance.

October 15 he was taken to the Alexian Bros. hospital and operated upon by Dr. Harris and from October 15, 1904, until December 6, 1905, suffered with an abscess on the knee. The stiffening of the knee being brought about through the leg-being in a cast for five months.

CHARLES NIGGEMEYER.

Antioch Holstein Is Listed in Test Record

Local Holsteins are continuing to make good milk and butter production records as is indicated by the official tests reported from the office of Malcolm H. Gardner, Delavan, Wisconsin, Superintendent of Advanced Registry pure bred registered Holstein-Friesian of America.

This week's bulletin reports the pure bred registered Holstein-Friesian cow, Tecumseh Auntie, owned by W. H. Howe, of Antioch, Ill., as having made at the age of four years and eleven months, a record of 476.2 pounds of milk and 19.262 pounds of butter fat, in seven days, equivalent to twenty-four pounds of butter. Her thirty days record is 1848.8 pounds of milk and 76.632 pounds of butter fat, equivalent to 95.8 pounds of butter.

The champion Holstein for the state of Illinois in the senior four-year-old class for seven day production is Palmar Veritas De Kol Ormsby, whose record of 511 pounds of milk and 25.542 pounds of butter fat, equivalent to 31.9 pounds of butter, surpasses all others, according to the records of the Holstein-Friesian Association of America. This record production was made at the Fred J. Karlen farm, Winslow, Ill.

Frank O. Lowden, former governor of Illinois is president of the Holstein-Friesian Association of America. This association has a membership of over twenty thousand breeders in the United States, and is the largest pure bred cattle association in the world, representing over one-half billion pure bred animals.

Old Resident of Wilmot Passed Away Last Week

Mrs. Wilhelmina Vohs Rasch died at her late home in Wilmot Saturday afternoon, May 12. The deceased was born August 18, 1840, at Kramford Province, Brandenburg, Germany. She came to America with her parents in 1850 and settled in Burlington. She was married to Christian Rasch October 20, 1860, and for 33 years they made their home on the Rasch farm at Twin Lakes, when they moved to Wilmot where Mr. Rasch died, October 3, 1911. The deceased was preceded in death also by four of her children. She is survived by seven children: Ida, of Wilmot; Charles, Wilmot; Mrs. C. Kohler, Fox River; Otto Rasch, Richmond; John Rasch, Wilmot; Sister Lena Rasch, Deaconess Home, Milwaukee; August Rasch, Twin Lakes. Ten grandchildren and two great-grandchildren, one brother, Louis Vohs, of Rice Lake, Minn.

The funeral services were held at the home Monday afternoon and were conducted by Rev. Gephart, of the English Lutheran church of Kenosha. Burial being in the family lot of the Wilmot cemetery.

Antioch Wins Uphill Battle From Bankers

Antioch Baseball team won its third straight game of the season by defeating the highly-touted Merchants-Savings Bank team of Kenosha at Antioch Sunday by a 10 to 8 score.

Weiss, who started the slugging duty for Antioch, was found much to the liking of the Kenosha boys and was hammered to the tune of eight runs before being shoo-ed by Manager Tarbell. "Bobby" Wilton took up the burden with the score 8 to 3 against him and finished up in wonderful style, holding his opponents scoreless while his team mates garnered seven runs off south-paw Wallig of the bankers.

The sixth inning proved the undoing of the Kenosha boys when Antioch scored six runs on seven solid hits.

Everette Hook wrenched his back while sliding into third base in the sixth inning and had to be carried from the field. J. Siberlich, also yielding slants from the portside, took up the burden for the bankers and although having considerable more speed than Wallig, failed to impress the fact on the local batsmen.

The game was thirty minutes late in starting, due to the lateness in appearance of the visitors, and although a heavy rain fell before noon and drizzle that did not let up until game time, failed to keep the fans away. The new grandstand was almost filled to capacity.

Next Sunday the Somers Grays from Somers, Wis., will be the attraction at the west side diamond.

Notes on the Game

"Bobby" Wilton was certainly laying them over the plate pretty the five innings he pitched.

Weiss started out good as did Wallig for the Merchants & Savings Bank, but they were both soon found for many hits. Probably the backing up that Weiss got took some of the pep out of him. Mike Malarino sure had a day off—one of those days when you "simply can't get 'em."

It is certainly going to cripple Antioch if our snappy little shortstop, E. Hook, is kept out of the game long with the wrenched back he received Sunday trying to slide under the third baseman.

The boys sure do come across with the hits when we need them. Three clean singles through second base in succession and two men on each time, ain't so rotten.

Davidson, an infielder, took E. Hook's place at short and had one chance in which he made good and in two times to the plate hit one of the aforesaid singles and well he wasn't the only one after the opposing team put in another southpaw.

Weiss got a hold of a swift one that fooled the center fielder of the visitors as it was traveling low and fast and passed over his head for a three bagger.

Yes, Burns muffed one but they do that in the best of regulated leagues sometimes, not excepting Ty, Tris nor Harry Hooper.

Burns was not dropping his Willie Keeler's as well as he was against the Opekas.

L. Fiala got a hold of one of his liking Sunday, but it went too low and only went for a single—just a little bit higher next time Louie.

"Red" Fields is packing another blue finger tip this week, from one of Bob's fast ones. Tough luck—but don't let that keep you out next Sunday.

Oakland School

Last Friday afternoon the boys put poles in the ground and laid out a basketball ground.

We are pleased with our new set of charts which the directors bought last week. We use them every day in our review work.

We have a new scholar, Daniel Klag, who entered last Monday from the Chicago schools. There are no empty seats in the room now.

Louise Sheehan, Leslie Palmer, Hazel Anderson, Robert Sheehan, Gorman Anderson and Esther Anderson have been perfect in attendance throughout the year. There are seven others who have been perfect for eight months of the year.

Many from the district attended the funeral of Mr. George Dalzell, of Gurnee, on Monday.

John Palmer and family entertained relatives from the city over the week end.

Rural School Notes

Some of the early settlers in our district came in immigrant wagons from Pennsylvania. The first homes were log cabins. No churches were built but services were held in the school house, new barns and at the homes of neighbors. The first school was built of logs; the desks were built around the sides of the room. Isaac Whitney was one of the first teachers. Each family contributed money toward the upkeep of the school and the salary of the teacher.

The lakes were abundant with fish, and in the woods were many animals. Quail were so tame that they came into people's yards to feed. In the spring many wild pigeons were found; deer scarce, the largest number seen were fifteen.

The Indians who lived here were very friendly with the settlers; their one fault was that they were great beggars. One day an Indian came to the home of one of the farmers at dinner time, they invited him to eat with them and the next day he came again.

When the main road was built many skulls and Indian relics were found. It is thought a battle ground was near the school house because of the finding of many arrow heads and axes.

We are busy getting ready for our final examinations. The eighth grade are completing their bird and flower charts.

This is "Good Teeth Week." All the pupils were given trial tubes of Colgate Dental Cream and signed pledge cards, promising to care for their teeth daily.

The pupils from the fifth grade to the eighth grade received their Reading Circle diplomas Tuesday.

Many new cottages have been built near the lake.

Fishermen were very successful Sunday; one man caught a seven pound black bass.

Relatives from Chicago are visiting Mrs. Thompson.

Mr. Bert Roberts has purchased a new Ford touring car.

Grass Lake School

Peter Kiefer went to Hubbard Woods with his father Sunday and expects to return in about a week.

The children are looking forward to vacation.

Chas. Forbrick spent the week-end at Louis Forbrick's.

Mrs. L. Forbrick and son went to Chicago Sunday evening.

Charles Paddock and Edward Wilson went swimming in Bluff Lake Saturday and they report the water cold.

Arthur Prenzger went to Waukegan Monday.

The eighth grade is kept busy reviewing for final exam, which is to be given in the near future.

The seventh and eighth grades are finishing their bird study.

We are much pleased with our electric lights. The fixtures are beautiful.

Hickory School

Mrs. Joe Gonyo and daughter spent Saturday with Mrs. Paul Protipe.

Donald Dixon's parents have moved to Waukegan. He is staying at Hol-lenbeck's until school is out.

Elizabeth Laursen spent Sunday with home folks.

Ida Douglas, who is spending a couple of weeks with her cousins Helen and Rose Pederson, visited school Wednesday.

The eighth grade boys are busy reviewing finishing their work for the final examination.

Ruth Johnson visited school last Friday.

Mrs. Hollenbeck is spending a while in Chicago with her sister, Mrs. Grant and Shirley had to miss a few days of school.

Pauline and Margaret Pullen spent Saturday afternoon with Shirley Hollenbeck.

Unclaimed Letters

There are unclaimed letters at the Antioch postoffice waiting for Arthur W. Re, Sol Kantrow, John Lewano-wicz and Mrs. Ernest Ruggs.

20 Years Ago in Antioch

Thursday, May 22, 1902

Herry Bock was transacting business in Waukegan Monday.

Mrs. Will Smart drove to Waukegan Tuesday.

Andrew Harrison and wife of Winthrop Harbor were here the fore part of the week in attendance at the funeral of Mrs. Harrison's father.

At about 11.00 o'clock on Wednesday morning, during a heavy rain storm, lightning struck the barn on the premises of Mrs. Efinger, on Lake street. For a second time within a week lightning has struck buildings in this village and while the one of last week did considerable damage, the one of Wednesday was burned to the ground. Dr. Ames' barn, which was in close proximity to the one burned, was only saved by the heroic and persistent work on the part of the bucket brigade. The barn had some hay in it and together with its contents was entirely consumed. Lightning also struck the ware house running down the lightning rod into the ground, which was tore up considerably.

James M. Woodman, of Waukegan, has been appointed storekeeper at the Elgin Insane Asylum, a responsible and lucrative position and entered upon his duties Monday.

Sprinkle Main Street Each Day to Settle Dust

The business men of the village have each donated the sum of one dollar a week for the purpose of wetting down the business section each day as it is not thought advisable to go to the expense of oiling the street again this summer as the prospects of having the cement road coming through soon are very bright.

It is hoped that the residents of the outlying districts will get together and provide some means of laying the dust. Possibly the residents of a street may find means of oiling their street thereby eliminating the dust problem for the summer.

Contractors at Work on Lake Villa Section

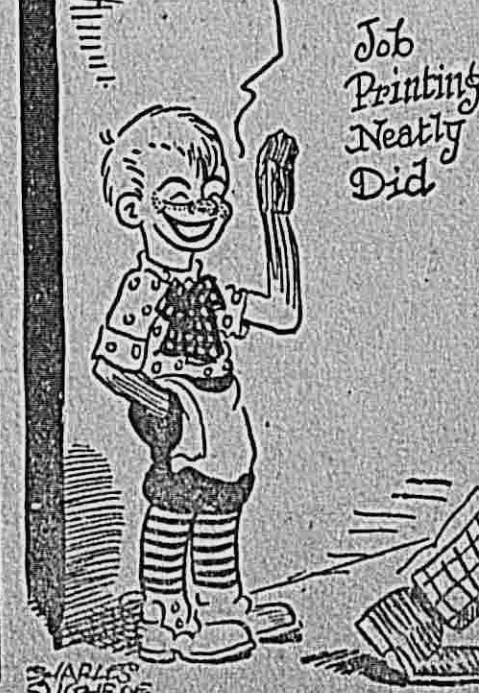

The contractors who were successful in receiving the bid for the section of route 21 from Grand avenue to the town limits will start active work by Monday. Work is now under way in construction camps and getting material assembled.

Gov. Small went into conference with Mr. Miller yesterday at Waukegan, in regard to the roads in this section. Although there has been a delay it is hoped the situation will be cleared after the conference.

Needed Spraying. Miss C. L. S. sends us the following which she received direct from the lady referred to: Marjory, five years old, after hearing for the first time the story of Eve and the apple, remarked: "You know, Miss Smith, I think the trouble was that tree wasn't sprayed, and Eve should never have eaten an apple off of a tree that wasn't sprayed. You never can tell what will happen."—Boston Transcript.

COMMITTEE OF NINE MAKES ITS REPORT

Plan for 50 Percent of Retail Price of Milk to Go to Milk Producers

COOPERATION IS URGED

Following is the plan recommended by the committee of nine appointed for the purpose of straightening out the affairs of the milk producers:

Fifty per cent of the price the consumer pays for milk should go to the man who milks the cows, and producers should market their milk co-operatively in order to secure this share of the consumer's dollar, according to the report of the committee of nine, recently appointed by the American Farm Bureau Federation to study the milk marketing situation in the Chicago district. This 50-50 division of the price the consumer pays will, the committee believes, appeal to everyone as fair and reasonable. In many other cities the producer is getting half the price the consumer pays, as he did in Chicago before the war. At the present time the man who milks cows in the Chicago district gets only 30 per cent of the retail price while the other 70 per cent goes for distribution costs and profits.

The committee of nine is as follows: C. V. Gregory, editor Prairie Farmer, chairman; C. Larsen, of the Illinois Agricultural association; H. C. Hemmingsway, of Janesville, Wis., representing the Wisconsin Farm Bureau Federation; Perry Crane, of Indianapolis, Ind., representing the Indiana Federation of Farmers associations; J. T. Williams, of Sterling, Ill.; A. C. Stoen, of Basset, Wis., and T. R. Keene, of Wheeler, Ind., representing the Milk Producers Co-operative Marketing company, and John Rathbun, of Lombard, Ill., and Dan. Gilly, of Barrington, Ill., representing the producers at large.

After a thorough study of the situation the committee decided that the interests of the milk producers in the district would be best served by working with the present company, which is now handling about 10 per cent of the milk of the district and which owns milk valued at \$700,000.

The committee retained Aaron Sapiro, famous co-operative attorney, to help draft a producers contract and plan of operation. The committee of nine will continue in effect for several months to have general supervision of the campaign to secure signatures to the new contract and to put other features of its plan into effect. It hopes to have Mr. Sapiro address a number of meetings in the dairy district some time in June.

The new contract will become effective September 1 if 6,000 have been signed by that time. They may be put into force sooner if the required number of signatures is secured.

The new contract, which Mr. Sapiro says is the best milk contract in the United States, provides for pooling receipts from milk and other dairy products in four separate divisions, as follows:

1. Fluid milk fund.
2. Condensed milk fund.
3. Cheese fund.
4. Butter fund.

The net average price received in each division for any given month for milk (or other products reduced to a milk basis) will constitute the basic pooled price in that division. The first payment in all divisions, to be made between the 21st and the 30th of the following month, will be the basic pooled price in the lowest priced division.

A month later each producer will receive a second payment made up as follows:

1. Two-thirds of the amount by which the basic pooled price in his division exceeds the basic pooled price in the lowest priced division.
2. The other one-third will go into a general fund which will be distributed pro-rata to all producers.

Pro-rata reductions will be made for overhead expenses, and three per cent deduction will also be made from each producer's check for an insurance and working capital fund. After this fund reaches a specified size, further reductions will be made.

Farm Bureau News

C. E. WHELOCK of Libertyville, Ill.

SOY BEANS NEEDED GOOD SEED BED

Soy beans will not be a success if they have to compete with a good stand of weeds. The secret is to prepare the seed bed sometime before planting date and give frequent cultivations with the harrow so as to kill the small weeds that have just sprouted. Two or three times over at intervals a few days apart will do about as much good in weed control as cultivation after the beans are planted. In addition it makes a firm and well pulverized seed bed which is very essential to a good bean crop.

They need every help they can get to encourage rapid growth to develop and mature a seed crop before an unexpected early frost.

Varieties for this climate must mature in 100 to 115 days. Anything later than that is pretty sure to get nipped with a frost unless it is harvested before it is mature enough to have its maximum feed value.

SECOND SPRAY FOR CHERRIES

The next spray for cherries is applied mainly to control the curculio. This insect leaves winter quarters about the time the trees blossom and feeds on the newly formed fruit. They also deposit eggs on the green fruit. These hatch into grub-like pinkish white worms that eat into the cherries and plums causing many of them to drop to the ground.

They hibernate under the trees during the winter hiding themselves in leaves and trash.

A cultivated orchard kept free from weeds and undergrowth of all kinds is much less apt to be infested with the curculio.

The next spray to control this pest should be applied soon after the petals fall and again in ten days or two weeks.

Use four pounds of dry lime sulphur and one pound of arsenate of lead to 50 gallons of water.

THIS YEAR'S WOOL POOL

Orders for sixteen hundred sacks to handle the 1922 wool pool have already been received by the Illinois Agricultural association. It is predicted that this year's pool will be one of the most successful in the history of the I. A. A.

A reduction has been made in service charges and the experience of the past two years, when the pool had to combat sharp market fluctuations, leads the I. A. A. to predict that the 1922 pool will be more successful than the pools of either of the past two years.

Twenty states are now pooling wool under plans similar to that followed in Illinois.

FEEDING GRAINS TO COWS ON PASTURE

It is a good practice to feed high producing cows some grain to supplement good pasture. Cows producing small quantities of milk will need little, if any, grain while the pastures are good.

When cows are first turned on pasture the grass is tender and often has a decided laxative effect upon the cows. This condition may be checked to a certain degree by adding cotton seed meal to the ration.

The percentage of protein in the grass at this stage is relatively high and a wide grain ration can be fed. Three parts of ground corn or barley, and one part of oats fed at the rate of one pound of grain for every four or five pounds of milk produced will be satisfactory. Later on when the blue grass is headed out and timothy pastures are more mature, the grain ration should contain some high protein feed. One-half to one part of cotton seed meal, oil meal, or glutene may be added to the above ration.

Records obtained in the Du Page county cow testing association give some good information as to the advisability of feeding grain in summer. During June, six herds, or 92 cows, were getting pasture, silage

or hay, but no grain. The average cost of feed per cow was \$4.82, and the net returns \$9.05 per cow. Twelve herds, or 223 cows, were getting pasture, silage or hay, and grain fed according to production. The average cost of feed per cow was \$9.12 and the average net returns \$13.83. Considering the net returns from these groups, it is evident that the cows getting silage or hay and a balanced ration, fed according to production were returning the largest net profit over feed.

It has been observed that cows which have been fed grain to supplement pasture seem to produce better during the following lactation period than do cows which have not had grain.

Take an Afternoon Off and Repaint Your Car

DON'T think you can't. Thousands of car owners have done it and are still doing it. When they pass you on the street you think they are driving new models.

Turn your old car into a brand new one. You can do it in one afternoon for less than a month's gasoline bill.

All that is necessary is to clean off the surface, sprinkle the floor to keep down the dust—then apply

Lowe Brothers Auto Varnish Colors.

There's no trick to it at all. You'll be delighted with the way these Auto Varnish Colors flow out from the brush and quickly level up to a glass-like surface.

In two days you can drive out of your garage and the neighbors will think you, too, have bought a new model.

Come in and look at the sample colors and ask for detailed instructions.

Committee of Nine Makes Report

(Continued from Page 1)

ther deductions will be used to pay back the producers who first contributed to it.

In order to safeguard the interests of the producers who sign contracts, an operations committee is to be created, which will keep a check on the business methods and overhead expenses of the company.

The territory will be divided into nine districts, each containing as nearly as possible an equal number of contracting producers. The producers in each district will elect a representative on the operations committee.

It is planned later to create a non-stock, non-profit sales association which shall have entire charge of marketing, and in which each contracting producer shall be a member. When this is done, the present marketing company will receive process and manufacture milk under direction of the sales association, and the sales association will do the marketing.

The committee's plan also includes the formation of local associations as rapidly as possible to build and own small receiving plants.

Many of the old patrons of the company jumped their old contracts last summer and fall, thus contracts the entire financial burden of the company to be borne by the producers who remained loyal, and making it necessary to hold up one month's milk check due each of the loyal producers. The back spreads due the company from producers who did not carry out their contracts amount to practically \$700,000. The company owes its patrons about \$375,000 for held up checks.

The committee feels that the back spreads represent a debt honestly due the company, and steps are to be taken to collect them. Where the producer signs the new contract, he will be permitted to pay his back spread by monthly deductions from his milk check, extending over a year.

The committee recommended that held-up milk checks be paid in bonds to be issued by the marketing company. These bonds will be paid as rapidly as possible from a sinking fund made up of all money received from back spreads. This money will be handled by a special committee outside the marketing company, appointed by the committee of nine.

The committee recommends that the marketing company hire the best qualified general business manager that can be obtained, as soon as possible after the new contracts become effective. It further recommends that the company submit a monthly financial statement to each of its stockholders, and urges "system, efficiency and economy in handling all of the affairs of the company."

Other recommendations are that "no director shall hold a position as general manager, assistant manager, head of a department, plant manager or other positions of like character in the organization. The only directors receiving other than per diem and expenses shall be the president, vice president, secretary and treasurer, whose compensation shall be determined by a majority vote of the directors not elected as officers."

The plan of co-operative milk marketing adopted by the committee of nine, and its producer's contract, have been endorsed by the Illinois Agricultural association, the Wisconsin Farm Bureau Federation, the Indiana Federation of Farmers' associations, and the Milk Producers Co-operative Marketing company. All these organizations have pledged their support to help put the plans into effect.

Chase Webb

Antioch, Ill.

One of our citizens remarked the other day:

"Friend wife says that biscuits and bread can be no better than the flour from which they are made. She uses ANTIOCH BEST FLOUR and her bakings are the kind that make a man dread eating away from home."

Only the choicest wheat goes into ANTIOCH BEST FLOUR. We mill the best and ship the rest.

When you buy ANTIOCH BEST FLOUR you get all quality—no unnecessary freight or middlemen's profit waste. Order a sack with your next grocery order.

Every sack of ANTIOCH BEST FLOUR is guaranteed to please. We are not satisfied unless you are.

Community Rural Gas Plant

Why not own your own gas plant. Put in a central plant and many homes can use it. Just the same as you have in Chicago for cooking and lighting. See H. P. Lowry. Phone 109R. 37w1

J. A. White, a well-known Kentucky farmer, said he could beat his hands shucking corn after taking Tanlac. S. H. Reeves.

Olive Introduced into America.
During the course of the emigration to the new-found land, the Spaniards brought the seeds of the olive tree with them. As far as historians and eminent agriculturists can determine, the olive tree was not a habitant of the western hemisphere, and since it had been known to have been transplanted all over the Mediterranean region, it is not unreasonable to suppose its origin in this country can be attributed to its having been brought here.

Can't Take Frosting Off Glass.
There is no chemical method of taking the frosting effect off of glass that is practical. The frosting ordinarily is done either by sand blasting or by etching with hydrofluoric acid, and the cheapest method would be to substitute clear glass for the frosted glass.—Dr. Roy Cross, Kansas City Testing Laboratory.

High School Happenings

Editor-in-Chief Beulah Drom
Junior Class Anna Kret
Sophomore Class Ada Chinn
Freshman Class Edith Edgar

Monday afternoon the debating teams gave their debate dealing with the arguments for and against the open shop before the Womans club.

Any interesting bits of news from the Junior class members will be thankfully received.

Part of the Commencement invitations have arrived—watch for the date of this important yearly event.

The Agriculture class has been busy preparing its plot for soy beans—they have also eliminated weeds from the driveway.

Burdette Johnson has stopped his daily walk to and from school.

The pupils of the sewing class are writing themes upon any subject relating to clothing.

The Seniors are becoming interested in the Juniors and the Juniors are thinking in bouqueting terms of the Seniors.

Monday was "Apron" day. The study hall resembled the "apron bargain counter" of a Chicago shop but the girls surely demonstrated that an apron is ornamental as well as useful.

The Design class is busy making and hanging curtains, planning the lighting of the home and selecting color schemes

Local and Social Happenings

St Ignatius Guild will meet with Mrs. Verrier, on Wednesday p. m., May 24.

Mrs. Adeline Clark is entertaining her friend, Mrs. Woodard, of Neilsville, Wis.

Mr. and Mrs. Frank Cavanaugh, of Chicago, spent Sunday at the home of Ben Van Dueser.

The Epworth League of the M. E. church had a social at the church parlors on Tuesday evening.

Mrs. George Kauhaupt and daughter Viola and Mrs. James Stearns and daughter Esther were shopping in Chicago on Friday.

Mr. and Mrs. Frank Savage were called to Danville, Ill., Saturday, on account of the serious illness of Mrs. Savage's father, Mr. King.

Knox Reeves, son of S. H. Reeves, local druggist, returned to his home in St. Paul Sunday after a week's stay in Antioch. Mr. Reeves was accompanied by his wife.

Mr. and Mrs. Robert Trieger, of Norwood Park, spent Thursday at A. B. Johnson's home. Mrs. Trieger attending the Eastern Star meeting in the evening.

The safest and surest way back to health, strength and happiness is by the Tanlac route. S. H. Reeves.

Mrs. Clarence Crowley was operated on Saturday morning in the Wesley hospital. She is getting along very well.

"Bill" Davis, now of Chicago, who has been under quarantine for five weeks for scarlet fever, is now at "liberty."

H. S. Dixon, formerly of Antioch, and now operating a restaurant in Waukegan, has purchased a residence on Gillette avenue, known as "bankers' row."

Bertha James Gilbert of Antioch, sang last night at one of the Chicago radio broadcasting stations. She is probably the first resident of Lake county to make an appearance on a radio concert program. She sang "The Last Rose of Summer."

Mr. and Mrs. W. F. Ziegler were in Waukegan on business, Wednesday.

The Epworth League of the M. E. church elected officers for the following year. The officers are: Susan Tiffany, president; J. Wilson McGee, first vice president; Gualle Mumford, second vice president; Mabel Van Deusen, third vice president; Grace Drom, fourth vice president; Beulah Harrison, secretary and Elsie Panowski, treasurer.

No man is stronger than his stomach. Tanlac will make your stomach strong. S. H. Reeves.

M. E. CHURCH NEWS

The Epworth League is making good progress. The new officers for the ensuing year are taking hold with a determination that a new day must dawn now in the life of the youth of Antioch and vicinity. All young people are gladly welcomed to the devotional service of the League every Sunday evening at 7:00, and to the preaching service which follows.

Plans are being made for a good representation to attend the big Rural Life conference at Grayslake May 26, 27 and 28. Let all Sunday School teachers remember to keep track of all members of their classes and keep the attendance as regular as possible.

More and more people are coming to understand the vital value of regular attendance at the public worship of the church. "I'll never miss if I can help it" is the motto for all.

The special music by the quartette and the choir are of high quality and deep religious inspiration.

Grade School Notes

There will be a bazaar and school exhibit at the Grade School on Friday, May 19. The exhibit will be held in the afternoon, and luncheon will be served from 5 to 7. At 8 o'clock a program by the children will follow:

Piano Solo..... Dorothy Brogan
"Murdering the Language"..... Play
Grades 7 and 8

Flag Drill..... Grade 4
"The Inquisitive Boy"..... Recitation
Ethel Levenson

"The Best Fun of All"..... Dialogue
Grade 2

"Tilda and Sammy's Courtship"..... Song
Lillian VanDeusen and John Dupre

"Sing a Song of Sixpence"..... Folk Dance
Grade 3

A food, candy and parcel sale will be one of the big features.

All-Night Restaurant

Service at Ross'

Ross' restaurant has decided opening an all-night service starting with Saturday night, May 20th, and will continue so until Labor Day. This service will give to the tourists an opportunity when stopping in Antioch in the evening to get a bit to eat. Dancing parties and show goers will be able to stop in and get a light lunch before retiring for the night.

NEWS BRIEFS OF INTEREST TO COMMUNITY

The silver medals in the declamatory contest held in the opera house last Thursday night went to Madeline Tiffany, daughter of Mr. and Mrs. Will Tiffany, who was awarded first place in the seventh grade contest, and to William F. Charles, who was given first in the seventh and eighth grade boys' contest. Madeline spoke, "Who's Afraid" in such an artful way that could only be equaled by the best of the lyceum and chautauqua folk. None of them could have done it any better. William's oration was entitled "At the Burial of the Unknown Soldier," an eulogy on the hero of the World war.—Chelek Alert.

Joseph Raule, former owner of "Marie's Resort and Dance Hall" at Fourth lake, returned to Waukegan last week and gave himself up to Sheriff Elmer J. Green. He was taken to the Lake county jail, and began serving his eight months, in jail for selling liquor at the Fourth lake resort.

Petitions for and against adopting the daylight saving time by Libertyville were presented to the village board at their meeting Monday night. The petition as presented showed 469 in favor and 132 against adopting the new time. The board then passed the ordinance adopting the new time to take effect at midnight, Sunday the 14th. All the factories and shops will adopt the new time, while many of the merchants indicate their intention to keep the same hours as at present.

George Dalziel, an old and esteemed citizen of Gurnee, passed away this morning at 7:45 at his home as the result of lockjaw. A week ago last Sunday, Mr. Dalziel injured his hand, but it gave him no trouble until the end of the week when medical attention was necessary. Blood poison and its resultant lockjaw developed. Mr. Dalziel has never married, but is survived by two sisters, Mrs. Jeanette Nottingham, with whom he made his home; Mrs. Margaret Hook, of Gurnee, and two brothers, James, of Texas, and Mathew, of Algon, Iowa. Funeral arrangements have not been completed.

The deceased had engaged in the feed and coal business at Gurnee until a few years ago since which time he has been retired. He leaves more friends to mourn their loss probably than any man in the county as his life was a living expression of "I'll Build Me a House Beside the Road."

Always.

A little learning is a dangerous thing when the man who has none tries to beat it.

Bean Hill School

John O'Brien

Mr. and Mrs. Anthony Gonyo Jr., were Sunday guests of Mr. and Mrs. Dave Watson at Zion City.

Mrs. Jake Van Patten and Mrs. Joe Gonyo were guests of Mrs. Brown on Wednesday and Thursday afternoons.

Mr. and Mrs. Joe Gonyo and baby and Harry Nelson were guests of Mr. and Mrs. Anthony Gonyo Sunday afternoon.

Hugo Gustisson, W. E. Hunter and F. Brown went to Zion City Saturday.

The Brown's attended a Farm Bureau meeting at Libertyville Wednesday evening.

Ernest and George Bouchard were guests of the Gonyo children Sunday afternoon.

Mrs. Knott and Mrs. Jackson visited Mrs. Bouchard Monday afternoon.

The girls are very much interested in base ball at present.

Sunday evening W. E. Hunter and Hugo Gustisson stopped at F. Brown's on business. Mr. Gustisson attempted to drive Mr. Hunter's car and succeeded in bumping into the garage door. It's a good thing the door was shut or Mr. Hunter might have had to walk home.

Our school received a new set of maps and a new dictionary last week.

Miss Esther Gonyo spent the week end with her parents.

**Avoid trouble, use
Marathon Motor Oils**

ENGINE trouble is not one of the penalties of
owning an automobile, as many believe; in most
cases it can be traced to improper lubrication.

The proper lubrication of your car calls for a smaller cash outlay than
any other item of motor upkeep.

The use of "any oil" at a price is false economy—it comes back at your
pocketbook many times over as repairs and replacement of worn parts.

MARATHON MOTOR OILS are scientifically prepared, under the direction
of Lubrication Engineers, to meet a given mechanical condition.
They are marketed on a basis of **GUARANTEED RESULTS** by the Trans-
continental Oil Company, an organization substantially able to fulfill its
obligations.

We are ready to serve you with *Marathon Lubrication*.

the selling price.
United States Rubber Company

**To the Purchasers of
a 30 x 3 1/2
Usco for \$10.90**

WHEN the "Usco" Tire announced
its new price of \$10.90 it carried
this understood contract with the
buyer—

A price reduction made in good faith—
using all the U. S. advanced art of tire mak-
ing not only to get the price down, but to
keep the quality up.

Today \$10.90 is not the uncommon
price it was last November.

But the "Usco" Tire is still the
uncommon tire value it always
has been.

Because in carrying out
the "Usco" price reduction
in good faith, we learned
something about rais-
ing the quality, too.

RURAL NEWS

TREVOR

The showers that visited this locality on Sunday and Monday were much appreciated by the farmers.

Mr. and Mrs. Joseph Letzer and Mr. and Mrs. George Letzer, of Chicago, spent the past week at Diana lodge, Camp Lake.

Miss Sarah Patrick was an Antioch shopper Wednesday morning.

Miss Gertrude O'Connor, of Silverlake, was a Trevor visitor, Tuesday.

Mrs. Wm. Van Osdal and Mrs. Ann Kimmel were Antioch visitors, Thursday.

Ralph Farnald and daughter Caroline and son Charles, Mrs. Vandersee and daughter Mary called on Mrs. Byron Patrick, Thursday evening.

The Liberty Cemetery Helpers met at the community hall on Tuesday afternoon.

The Parent-Teacher society meets at the school house Friday afternoon.

Mr. and Mrs. George Higgins and little daughter Geraldine autoed to Milwaukee Friday. Mrs. Jones, of Pleasant Prairie, accompanied them.

Mrs. Ed. Filson entertained her nephew, Harry McCanna, and lady friend, of Chicago, over the week end.

George Brown is having another kiln erected at the tile factory. D. A. McKay is doing the mason work.

Mrs. Byron Patrick spent Sunday with her sister, Mrs. Chester Davis, west of Wilmot.

Mr. and Mrs. Wm. Meeklenber-Miss Lucile Evans and Mrs. Ed. Filson autoed to Kenosha, Saturday.

George Higgins has a new spraying outfit on a one thousand pound truck.

Arthur Bushing, of Chicago, is sick with the flu and with Mrs. Bushing are staying at Mrs. Bushing's parents, Mr. and Mrs. Ira Brown.

Charles Otting made a business trip to Chicago Wednesday.

Hiram Patrick delivers asparagus daily at the Hilderbrand & Shultis store, Antioch.

Mesdames Florence and Lottie Bloss, of Salem, called on the Patrick sisters Friday evening.

Mrs. Caroline Bohm and daughters, Mrs. Gross, of Chicago, and Mrs. Clair Dixon, of Silverlake, called on Trevor friends Friday evening.

Mrs. Ambrose Runyard entertained Mrs. White, of Waukegan, the past week.

Miss O'Connor and Mrs. Otto Schenning and son, of Silverlake, were Trevor callers Saturday afternoon.

Henry Lubeno spent the week end with his wife and daughter, Mrs. Vera Dixon, in Chicago.

Mr. and Mrs. Fred Forester entertained relatives from Chicago over Sunday.

The Liberty Corners school taught by Miss Findley closes Friday afternoon.

Mrs. Fitzgerald and daughter, of Chicago, spent the week end with Mr. Fitzgerald at the Murphy home.

Fifteen auto trucks are employed to haul gravel from the Buckley gravel pit to the Geneva road. The drivers of trucks board at Will Murphy's.

Quite a number of our young people attended the dance at Twin lakes Saturday evening.

Mayor Kruckman and family called at the Hiram Patrick home, Sunday.

Shepherd & Strausheim, of Chicago, were Trevor callers, Sunday.

John Geiver, of Chicago, spent Sunday at the Fred Myers home.

Miss Ender entertained a friend from Yorkville Sunday afternoon.

WILMOT

Mr. and Mrs. Charles Bruel, of Milwaukee, were guests the last week of Mr. and Mrs. Geo. Bruel.

Mrs. McCormick, of Chicago, was a guest several days last week of Mrs. E. Vincent.

Mrs. Edith Thompson, of Chicago, was a guest of Mrs. Arthur Holtdorf for a few days last week.

There will be Memorial day services at 11 o'clock and at the N. Bristol cemetery at 10 o'clock on Memorial day. The services will be conducted by the American Legion Post of Salem township.

Walter Carey spent Saturday in Chicago.

John Cosmin, of Wheeling, was a week end visitor at the John Frank home.

Mrs. F. Beck and Mr. and Mrs. J. Schramm, of Richmond, motored to Kenosha on Sunday.

Mr. and Mrs. M. Anderson, of Channel lake, were Sunday guests at the home of E. Peacock.

Mr. and Mrs. Clyde Kinreed and family, of Marengo, and Mr. and Mrs. Wm. Peterson and children, of Kenosha, were entertained at the home of Mr. and Mrs. Alfred Reynolds on Sunday.

Walter Carey and daughter Grace were in Milwaukee on business, Wednesday.

Miss Vera Hegeman and guest, Miss M. Perry, of the Milwaukee-Dowman college, were at the Louis Hegeman home over the week end.

Rev. and Mrs. S. Jedele and children motored to Burlington on Saturday.

Mr. and Mrs. Geo. Dean motored to Fontana Sunday with Mr. and Mrs. Smith, of Grayslake, where they were the guests of Mr. and Mrs. G. Ross-miller.

Mr. and Mrs. Charles Ihlenfeldt, of Manitowoc, are spending the week with Mr. and Mrs. R. Ihlenfeldt.

Miss Kortendick was in Milwaukee over the week end.

Mr. and Mrs. R. Ihlenfeldt and sons and the Misses Jamison and Hanson motored to Milwaukee, Saturday.

Geo. Faulkner was in Genoa for dental work last week.

Fannie and Russell Bruel were out from Chicago and Georgia Bruel from Whitewater normal over Sunday.

Mr. and Mrs. F. Kruckman and Dale, Mrs. M. Anderson and Mr. and Mrs. Ray Burton spent Sunday with Kenosha relatives.

There will be a meeting of the Women's Club Wednesday, May 24, at the home of Mrs. Frank Burroughs. A very cordial invitation is extended to all members and all women of the village interested in its civic improvement to come. An attractive program is being arranged for the affair.

Miss Fisher is spending several days at Brighton with friends.

The Carey Electric Co. installed a cement policeman at the Morgan & Nett corner the first of the week. Traffic on that corner has been particularly heavy since the lake season commenced and several collisions have been narrowly averted.

Dorothy Darby, of Chicago; Edith Darby, of Cicero, and Mrs. H. C. Darby, of Grayslake, visited at Wilmot Sunday with friends.

U. F. H. School Notes

The oratorical contest will be held at the Wilmot hall Friday night, May 19. A number of students are enrolled and an interesting program has been arranged.

There will be a meeting of the fair committee this week. The regular premium list has been gotten out and will be in the hands of the printer by the end of the week.

The senior class play, "It Pays to Advertise" will be held on the evenings of May 25 and 26 at 8 o'clock.

George Vincent will lecture to the students this week about calf clubs.

Our boys defeated the Richmond base ball team last Friday at Wilmot in a five inning game. The shortness of the game was due to the late arrival of the Richmond nine. Richter, who pitched three innings for the locals, struck out six men. Because of an injury to one of his fingers he was replaced by Tom Madden for the last two innings. The Wilmot boys played an excellent game as may be judged by the score of 21 to 2.

The junior class held their prom, the biggest social event of the school year, at the M. W. A. hall last Friday night. The hall was prettily decorated with pink and white streamers strung across the hall and bouquets of lilacs. Rowell's orchestra furnished the music. That the prom was such a success was due to the splendid organization and the untiring efforts of the class of 1923.

As a result of the visit of Inspector Dick of Madison, the following report was received from Supt. John Callahan: "Our Mr. Dick, supervisor of schools, spent some time in your school, May 3 and 4. He makes a very favorable report on the whole. He mentions the excellent attention and co-operation on the part of the pupils. If you must lose some of your teachers at the end of the year I trust their places will be filled with as competent ones as you have now. I greatly appreciate the successful way in which your school is being run and stand ever ready to assist you in any way possible."

The junior clean up committee held a picnic in Joyce's woods Saturday afternoon. Everyone agreed it was the jolliest picnic he had ever attended.

However, on their return home a wheel came off the car, causing the occupants to walk the remaining distance home.

Wilmot Defeats Opeka All Stars

Wilmot defeated the Opeka All Stars, of North Chicago, Sunday 3 to 2 after batting eight rounds to a scoreless tie. Edgar and Opeka pitched superb base ball but the former had the edge allowing only six scattered hits and striking out twelve men. Nelson's work behind the bat makes him a favorite with the fans. Mericle's fielding and timely hitting featured for Wilmot and a wonderful backhanded catch by the Opeka third baseman brought the crowd to its feet in the sixth when Wilmot threatened to score. Richter filled in at second for Sparrow and performed brilliantly. M. Fitzgerald umpired the game in a very creditable manner, moving to every play in big league style.

N. Chicago . . . 0 0 0 0 0 0 0 2—2
Wilmot . . . 0 0 0 0 0 0 0 3—3

Next Sunday the fast East Troy team will come to Wilmot. East Troy has not been defeated this season and are confident of adding another victory to their record. Batteries for East Troy, Mullen and Sawyer. Wilmot, Edgar and Nelson. Fitzgerald will umpire.

LAKE VILLA

Mr. and Mrs. E. A. Wilton entertained guests over the week end.

Mrs. A. Wallace spent last Wednesday with her daughter, Mrs. Rita at Grayslake.

Mrs. E. J. Murrie went to Waukegan last Wednesday and attended a meeting of the Russell Cemetery society.

Mrs. Fish spent a day last week with her mother at Grayslake.

Mrs. Hall of Chicago is spending the week with her sister, Mrs. Sherwood.

The Busy Bees will meet Wednesday, May 24th, with Mrs. Geo. Gooding at Grayslake. Everyone welcome, will those who care to go please notify Mrs. Fred Hamlin, president.

Wm. Lowe went to Chicago last week to accompany his wife and son home. Both are doing nicely.

Paul Avery is driving a new Liberty touring car.

Mrs. Jennie Cossman came last week to help the care of Mrs. Joe Koelstra; but the doctors decided that it was best for Mrs. Koelstra to go to the hospital, so she was taken there Thursday and is on the gain, we are glad to report.

Mrs. Billings and son are still in the hospital. Mrs. Billings will be home soon, but the son will remain for treatment.

Mrs. Buford has been under the care of a physician the past week but is improving.

John Cribb, who has been suffering from blood poisoning in her hand, is much improved.

Nearly all the cottages around the lakes are now open for the summer. The Forbes and Thayne families came out during the past week.

Mr. and Mrs. Jas. Leonard had a family gathering at their home Sunday.

Last Sunday was appropriately observed as Mother's day in the church on the hill and the services next Sunday will be in the nature of a tribute to the fathers. You are very welcome.

Mr. and Mrs. Litwiler of Round Lake spent Monday with their sister, Mrs. Ben Hamlin.

Mr. and Mrs. C. B. Hamlin and sons and Miss Alvena Larsen spent Sunday with the P. W. Gray family in Chicago.

Work on the Hussey home is progressing finely.

Equipment for the school play ground was placed in position Saturday and the children are enjoying it to the limit.

HICKORY

Mrs. O. L. Hollenbeck spent the latter part of last week in Chicago.

Mrs. Jennie Pickles and granddaughter visited the week end at Hickory.

Mr. and Mrs. Elmer Bonnet and Miss Agnes Pedersen of Waukegan were callers here Saturday evening.

Mrs. George Edwards returned to her home in Waukegan Saturday.

Mr. and Mrs. Paul Protine entertained relatives Sunday.

Ben Ames visited at Hickory last Friday.

Hart Webb visited Saturday at A. T. Savage's.

Mr. and Mrs. Austin Savage, Miss Irene Savage and Mort Savage motored to Hebron Sunday to spend the day with Mrs. Savage's mother.

BRISTOL
